Four Killed As Arabs Ambush U. N. Convoy

American, Three Jews Shot To Death

Tel Aviv, Israel, Sept. 22—(AP)—Arabs ambushed a United Nations-sponsored Jewish convoy today and killed an American technician and three Jews, Israeli army authorities announced.

The convoy, carrying the white flags of the U. N. truce, was attacked near the Latrun pumping station while en route from Tel Aviv to Jerusalem. The American was identified by U. N. headquarters as John Locke Lewis of Philadelphia, who arrived here a few days ago as a consultant expert on railways.

The Jewish dead included a woman and the commander of the convoy. None of the victims was connected with the United Nations, which sponsors such convoys under terms of the Holy Land truce.

More Violence In Cairo
(Cairo was the scene of other mid-east violence. At least nine persons were killed and 12 wounded when a blast rocked the Jewish quarter. Rioting flared after the explosion.)

The ambush occurred about 2 P. M. Israel time, near the Latrun pumping station, which was blasted last month by Arab irregulars.

In the convoy were a white United Nations jeep, two private cars, six trucks and one gasoline tanker.

United Nations officials said the convoy was being led by French Col. Dumonceau, a senior U. N. observer in the Latrun area.

The dead woman was identified as Mrs. S. Van Friesland-Hoofien, of Jerusalem, a sister of the general manager of the Anglo-Palestine bank.

Jewish Witnesses Tell Story
Jewish witnesses who hid in a ditch 20 minutes before escaping back to Tel Aviv with most of the convoy told this story:

The Arabs opened fire with rifles and a light machinegun as soon as the white jeep carrying the French colonel had passed.

The Jewish commander, in the second car was wounded. While the U. N. men in the first car waved frantically to the Arabs to cease fire, persons in the other cars dived into ditches along the road.

The Arabs approached at point blank range and killed the wounded Jewish convoy commander and the other three from his car who had taken refuge in the ditch.

Report CIO Oil Workers Strike On West Coast Ended

Seattle, Sept. 22—(AP)—The Seattle office of the Union Oil company said today it had received a teletype message from Los Angeles to the effect that the strike of CIO oil workers against that company has been settled. Other companies also are involved in the strike.

The local office said the company and the independent union of petroleum workers (CIO) made a joint announcement that they had reached an agreement. It is subject to ratification by the union membership.

The agreement, the local announcement said, is on a wage proposal covering the period through June 30, 1949. It calls for a wage increase of 12 cents an hour for all employees covered by the current contract.

Affected, Seattle officials said, are 1,008 union oil employees in the field, pipeline, purchasing and automotive departments. The increase, they added, was made retroactive to July 3.

U. S. Oil Equipment Refused Romania

Washington, Sept. 22—(AP)—A Romanian request for American oil equipment has been turned down by the United States government.

Officials disclosed that an order by the communist-controlled nation for \$9,500,000 worth of machinery from an American firm was blocked several weeks ago by the state department.

Romanian oil production goes exclusively to nations in the Russian bloc in Eastern Europe.

BLOOMINGTON BOY VICTIM OF POLO

Bloomington, Ill., Sept. 22—(AP)—The first infantile paralysis death of a Bloomington resident in several years occurred last night. A five-year-old boy died in St. Francis hospital, where he had been taken last week.

The death rate of U. S. troops in the United States in 1947 was 30 per cent lower than in 1939.

Bevin Asserts Allies Unyielding In Berlin

London, Sept. 22—(AP)—Foreign Secretary Ernest Bevin stated unambiguously today that the western allies intend to stake peace on an unyielding stand in Berlin.

Shortly afterward, a foreign office spokesman announced that Britain, the United States and France had delivered new notes on the Berlin deadlock to Moscow's envoys in the three capitals today. Their contents were not divulged.

Addressing a packed and hushed House of Commons, Bevin asserted the Russians are people "from whom you cannot buy peace" with concessions.

"Berlin stands out now as the symbol of resistance—a sort of salient," he said.

To save that salient, he declared.

Pamela's First Operation Termed 'Very Successful'

Chicago, Sept. 22—(AP)—Twenty-three months old Pamela Lamphere won the first phase today of a battle for her life—and a chance to grow up normal.

The golden-haired girl, who was born with her bladder outside her body, submitted to the first of three operations designed to correct the condition.

Physicians said the operation was "very successful" and that the little girl tolerated it well.

The parents, Fred, 23, and Irene, 21, waited on a bench in the waiting room at Cook County Children's hospital while the operation was performed. Together, they visited Pam in her ward a few minutes before the operation was performed.

Pam's condition almost wrecked their marriage. The father wanted the operation, but the mother said she preferred to have the child for the few years she was certain to live rather than risk surgery.

Wallace Claims Campaign Manager Is Heading Drive

New York, Sept. 22—(AP)—Henry Wallace said tonight there were "no real disagreements" between him and his campaign manager, C. B. Baldwin.

In fact, he said, Baldwin is "running this campaign just the way it should be run."

The Progressive party presidential candidate made the statement to clarify reports of his remarks last night at a party fund-raising dinner.

At the dinner Baldwin outlined a policy of giving support to "liberal" Democrats and mentioned Rep. Helen Gahagan Douglas (D-Calif.) and Chester Bowles, Democratic candidate for governor of Connecticut.

Baldwin said he had urged Mrs. Douglas to file on the Progressive ticket but she had declined. The Progressives, he said, were willing to support Bowles.

Indict Brothers On Charges Of Manslaughter

Bloomington, Ill., Sept. 22—(AP)—Two brothers, Lloyd and Robert Mears, 22 and 21, were indicted by the McLean county grand jury today on charges of manslaughter resulting from a fatal fight.

The victim was Bruce Hudgens, 26, whose body was found in a Bloomington cemetery June 19, the day after he had gone on an automobile ride with the Mears brothers and Howard Yandell of Grigley.

The three had been held in the McLean county jail on charges of murder since the death. The grand jury declined to indict Yandell, who had testified before the jury, and he was released from custody.

Arraignment of the brothers was set for Friday.

China Will Dispose Of U. S. Supplies

Nanking, Sept. 22—(AP)—Vice minister of defense Cheng Kai-min was ordered to Shanghai today to dispose of surplus American supplies rotting and rusting in stockpiles there.

Cheng will head a special corps organized to dispose of the millions of dollars worth of war and UNRRA supplies. Many of the items in the stockpiles are needed urgently by the government's troops.

Vishinsky Claims Certain Powers Disrupting U. N.

Paris, Sept. 22—(AP)—Deputy Soviet Foreign Minister Andrei Vishinsky charged today that certain powers are attempting to create a "disunited nations."

He did not name these powers, but he launched an offensive against every move by the western nations to put controversial issues before the United Nations assembly.

Then by thumping majorities the 14-nation steering committee voted to put on the assembly work list every item opposed by the Russians.

Other top assembly developments included:

1. Israel disclosed through a spokesman that it is against accepting now all the proposals of the state Count Folke Bernadotte for a Palestine settlement. In London British Foreign Secretary Ernest Bevin lined up with the United States in supporting Bernadotte's proposals.

2. Trygve Lie, U. N. secretary general, asked the assembly to consider his plan to set up a special U. N. guard of from 1,000 to 3,000 volunteers for its peacekeepers. The United States is reported favorable to a guard of 300 to 500 men. Britain

boosts the "air lift" of food and fuel into the blockaded German capital with most of the increased winter burden falling on the United States.

The three western powers are not only "on absolute agreement as to the policy of the lift and of defending ourselves in Berlin, but in the policy we shall jointly pursue if it fails."

French Foreign Ministry spokesman in Paris said the notes of the three powers were addressed to the "Kremlin" in Moscow instead of to Soviet Foreign Minister V. M. Molotov, and thus might come to the direct attention of Premier Marshal Josef Stalin.

The notes of the latest move in eight weeks of negotiations over blockaded Berlin. They were the result of consultations in Paris this week among Bevin, U. S. Secretary of State Marshall and French Foreign Minister Schuman and their advisors.

"I am not saying by that that we are committed to war," Bevin said. "We have not reached that stage yet."

The foreign secretary stood hunched over a table reading from a prepared manuscript instead of indulging in his usual style of extemporaneous oratory. He gave no particular emphasis either to "war" or "yet."

There wasn't a stir in the house as he uttered the words.

New York Head Of Commie Party Stabbed, Beaten

New York, Sept. 22—(AP)—Robert G. Thompson, New York state chairman of the Communist party, told police he was stabbed and beaten by two men today. He called the attack "political in motive."

Almost immediately, the Communist party offered a reward of \$15,000 for information leading to the arrest and conviction of Thompson's attackers.

The reward was announced by city councilman Benjamin J. Davis, Manhattan communist, who said he tried earlier today to make an appointment with Mayor William O'Dwyer to bring the case to his attention. He said he was told by the mayor's office that the mayor felt the matter was a police case.

Thompson, one of 12 top communists indicted by a federal grand jury last July on charges of conspiring to overthrow the U. S. government by force, told police he was assaulted by two unidentified men shortly after midnight in an alley near his home. He said no attempt was made to rob him.

Chief Of VA Denies Policies Are Red Dictated

Washington, Sept. 22—(AP)—Carl R. Gray, Jr., chief of the veterans administration, said today charges that any VA policies are communist-dictated are unfounded.

"So far as I know, there are no communists employed in positions of trust anywhere in the VA," Gray said in a statement.

"Should any be discovered, they will not remain with the administration."

Gray said he was forced to comment by a recent series of charges in Michigan and California that VA policy on flight training is dictated "by communists who have wormed their way into VA."

The administration recently tightened its policy on flight training, photography, dancing and similar instruction. It now requires veterans to prove before enrollment that they plan to follow such professions. Vocational or recreational training is barred under the GI program.

Believes Russia Won't Have Atom Bomb For 5 Years

Paris, Sept. 22—(AP)—Russia probably has not yet produced an atom bomb, Gen. A. G. L. McNaughton said last night. He indicated it might take the Soviets another five years to make one.

McNaughton, Canada's representative on the United Nations Atomic Energy Commission, said in an interview that "we are quite certain Russia has not yet produced an atomic bomb."

"There is no cause now for hysteria. We have a short time—perhaps five years—in which to reach a system on international atomic control before a time for hysteria really arrives," he said.

Grocers Trim Price Of Butter 7 Cents A Pound

By The Associated Press
Housewives will find the top two grades of butter selling at four to seven cents a pound lower than yesterday's price in chain stores of several cities this (Thurs.) morning.

In New York, chains like A&P and Gristede Bros. trimmed four more cents off the price after Tuesday's reduction of two cents, bringing the top grades to 79 cents a pound—the lowest price since the first of this year. Other chain stores had posted similar reductions yesterday.

Chicago's A&P food chain cut prices seven cents below last Saturday's figure and announced that 75 to 78 cents would buy a pound of top quality butter in some stores today.

Large store chains serving the Philadelphia area, southeastern Pennsylvania, Delaware and southern New Jersey lopped six cents off high quality butter, bringing the price to 79 cents a pound, or 80 cents when sold in quarters.

East St. Louis Police Seeking Reputed Abductor
East St. Louis, Ill., Sept. 22—(AP)—Capt. Glen Ruffner, assistant chief of detectives, said police were seeking tonight for the driver of a convertible who reportedly walked a small boy to the car, stuffed him into the car's trunk, and drove off.

Capt. Ruffner said an East St. Louis bus driver, Walter J. Westerfield, told the following story: Westerfield said he was passing an intersection in his bus Tuesday when he saw a man and a boy, who seemed to be about 6 years old, approach a parked gray Ford convertible.

The man opened the trunk and put the boy inside. The bus driver took down the license number but did not report the incident until last night.

The license number, Ruffner said, was checked with Chicago police, who said it had been issued to a Chicago fire department officer. The fireman was on vacation. Ruffner quoted Chicago police, He would not identify the fireman by name, since he had been seen in Chicago Tuesday.

Truman Continues Drive To Oust GOP Congress

Aboard Truman Campaign Train, Sept. 22—(AP)—President Truman advised the people today to "fire" the Republican Congress and get rid of Republican party leaders he said are "old muckracks living back in 1890."

As Mr. Truman drove his hard-punching campaign across Nevada and into California, none state of Gov. Earl Warren, he said he Republicans want to set up a "ruling class" in America.

Mr. Truman didn't mention by name either Warren or Gov. Thomas E. Dewey, the GOP vice presidential and presidential nominees.

He told a crowd around the white frame bandstand in the town square at Sparks, Nev., "Everybody knows where I stand. You don't get any double talk from me."

"I hope you can find out what the other people stand for when they come out here. But I greatly fear you won't for a long long time."

That was in his first talk of the day. The president drove to nearby Reno for the second.

Avert Strike Of Pan American Airlines Radiomen

By The Associated Press
A threatened strike of radiomen on Pan American World Airways was averted Wednesday, but no progress was reported in settling other major disputes.

Labor developments included:

Air transportation: Pan American World Airways and the flight officer section of the CIO Transport Workers union agreed to submit a dispute over layoffs to arbitration.

The company said in New York that this agreement averted a strike set for Wednesday that would have made 400 radiomen idle.

"Communication: The CIO American Union of Telephone Workers, studied an offer of the American Telephone and Telegraph company for wage increases ranging up to \$6 weekly for 25,000 telephone workers. The offer affects plant craftsmen, operators and clerical employees in 42 states and the District of Columbia.

Shipping: Striking CIO longshoremen continued handling army cargo under contracts between the army and two stevedore firms. The firms are not connected with the waterfront Employers' Association against which a strike was called Sept. 2.

Governor Warren Raps 'Under The Table' Diplomacy

Louisville, Ky., Sept. 22—(AP)—Gov. Earl Warren asserted tonight that America's bi-partisan foreign policy "must be a two-way street" if American unity is to be preserved in the vital and critical field of foreign affairs.

Rapping "secret deals" and "under the table" diplomacy, Warren said an effective foreign policy also must have the approval and understanding of the people.

The Republican vice presidential candidate spoke in Memorial auditorium here tonight after a day in which his special train traversed southern Illinois, Indiana and Kentucky.

As the Warren special stopped at Henderson and Owensboro, Ky., the California governor paid his respects to Sen. Alben Barkley, the Democratic vice presidential candidate and his opposite campaign number.

Louisiana May Restore Truman-Barkley Ticket

Baton Rouge, La., Sept. 22—(AP)—President Truman's chances for Louisiana's 10 electoral votes and Gov. Earl K. Long's continued dominance of Louisiana politics were in the hands of a hurriedly assembled legislature tonight.

Number one issue before the lawmakers gathering for a late night meeting, 10 p. m. CST, was a bill to restore Mr. Truman's name to the state's November ballot. The Democratic state central committee, ruling party body in the state, struck it from the ballot Sept. 10 in favor of Governors J. Strom Thurmond of South Carolina and Fielding L. Wright of Mississippi, the states' rights Democratic nominees.

The governor summoned the legislators into special session on bare 24 hours notice, as his brother, the late Huey P. Long, often had done. Today he asked them to facilitate the placing of the president's name on the ballot as the "national Democratic" candidate "so that every voter may have the opportunity of expressing himself."

At the same time Gov. Long declared himself "for states' rights and 100 percent against the FEPC," mentioning two issues that helped form strong sentiment for the Thurmond-Wright ticket in Louisiana.

The governor took notice also of objections from the other side of the fence. Democratic National Chairman J. Howard McGrath has

Dewey Blames Democrats For Present Inflation

Albuquerque, N. M., Sept. 22—(AP)—Gov. Thomas E. Dewey said tonight the Democrats "for years" have been "moving heaven and earth" to bring on the present inflation.

The Republican candidate for president at the same time declared that "America's number one domestic problem is world peace." And he renewed his call for a federation of western European nations as a keystone for prevention of another world war.

The New York governor, in the prepared text of a campaign address at the University of New Mexico gymnasium, said the United States has a "magnificent opportunity" to aid in the creation of such a federation.

"That would be the greatest feat in the history of diplomacy and a landmark in the history of freedom," Dewey continued.

In his speech here tonight, Dewey said world peace and economic security at home are two urgent issues which cannot be separated.

The GOP nominee declared "we can lick this problem" of inflation by cutting down on "every avoidable dollar of public spending, and by maintaining" a substantial surplus of government revenues.

German Reds Will Hold Special Meet In Potsdam

Berlin, Sept. 22—(AP)—Berlin's tangled political situation today apparently forced German communists to call a new and perhaps significant strategy meeting.

Press reports in western Berlin said the Russians have summoned German communist chiefs to Potsdam Friday for a special meeting at Soviet headquarters.

Some observers felt the communists and their Russian bosses may accept party policy to offset any adverse decisions which the United Nations may make on Berlin and Germany.

Others theorized they plan to scheme further action in the Berlin crisis.

Without elaboration, the Soviet press warned ominously that the strong anti-communist situation in western Berlin would not be tolerated for long.

New York, Sept. 22—(AP)—A group of angry mothers, claiming that police failed to protect their children from traffic, set up street patrols themselves around a Brooklyn school yesterday.

Rain Floods Communities
Torrential rains that sheeted down on gusts of wind up to 160 miles an hour left some communities in its wake under inches of water and brought fear of floods to towns in the Lake Okechobee region.

The weather bureau reported in a (4:30 p. m. CST) advisory that the storm was moving away from Florida in a northeasterly direction at about 12 miles an hour.

Winds in the lake region were still near hurricane intensity and forecasters warned that "all precautions should be continued in the Palm Beach—Daytona beach area for a short time." There is an extensive area of gales winds to the rear of the storm.

Sister Testifies Against Sister In Murder Trial

Wheaton, Ill., Sept. 22—(AP)—The younger sister of a pretty 16-year-old high school girl on trial on a charge of murdering her father today testified how his body was discovered in the basement of their home.

Her sister, Frances, 16, is charged with the shotgun slaying of their father, William, 42, a CIO union official.

The girl sobbed that she and her mother, Mrs. Frances Korbelik, 40, went to the basement of their home on the night of May 2 and discovered Korbelik's body under a pile of lumber after moving several boards.

Korbelik, president of Local 2330, CIO United Steelworkers union, had been missing four months.

Dorothy testified she screamed "my father!" and ran from the basement when she saw the body. She told the court she had last seen her father alive on Jan. 10.

Sidney J. Stahl, 52, assistant manager of the building, had asked that the Catalanos be evicted. He said the other tenants couldn't stand the smells from the Catalano apartment.

"They don't have an apartment. They have a veterinary hospital," he said.

GERMANS DON'T EXPECT WAR

On the side of optimism, there is the belief of 15 German editors, in this country on a grant from the Rockefeller foundation, that the tense Berlin situation will not lead to war. Not one of the 15, when interviewed, expected war.

"The Russians realize that they cannot win a war against the western powers," said Helmut Meyer-Dietrich, chief editor of Berlin's Der Tagesspiegel. "However, they also realize that the west is not united and that it has some weak points, such as France, Italy and sometimes England. They are taking advantage of the disunity to press for advantages in Berlin."

The main job for the democracies is to banish disunity among themselves and in the domestic affairs of each country. The weakest link today is France. But they are at least united in their opposition to the Russian blockade and none is soft enough to be bluffed out. The Russians have been greatly surprised by this stiffness as well as by the success of the air lift. Their blockade has thus far boomeranged.

Stores To Hold Open House Thursday Night

Retail merchants in Jacksonville will again sponsor an Open House night on Thursday evening, September 23, from 7 until 9 o'clock. This event, which was inaugurated last year and considered very successful, is sponsored by the Retail Council of the Jacksonville Chamber of Commerce.

Everyone in the Jacksonville trade area is invited to visit the business district on Thursday night and be the guests of the retail merchants. Some of the stores will be open and the public is invited to go in and walk around, inspecting any item of merchandise that they wish. No effort will be made to sell merchandise as the merchants feel that this is an opportunity for the public to just look around whenever and wherever they wish.

Special entertainment for the Open House will be provided by the Jacksonville High School Band under the direction of James Welch. The band will play several selections on the square and will march around for the entertainment of the general public.

The experiments have been made by men working in the Australian Council for Scientific and Industrial Research. CSIR research officer A. J. Higgs told a reporter signals had been sent to the moon and echoes received at intervals for the past six months. "The tests are part of our general study of the upper atmosphere and beyond," he said. "Lots of things happen there which we do not understand." Higgs said the experiments are pure research, adding: "I can't say what practical use the information we may gain will have."

Merchants were busily engaged Wednesday in displaying new fall merchandise, installing fresh new window displays and planning special events for the evening. Several stores are reported to be planning special style shows and it is possible that there will also be some souvenirs for those who wish them.

Fred Hopper, chairman of the Retail Council, stated that the merchants were hopeful that the buying public will take advantage of this Open House to come down and just look around. "We want the public to feel at home and feel free to look at anything they wish with the understanding that no special sales effort will be made during the evening," Mr. Hopper stated.

Gillespie, Ill., Sept. 22.—(AP)—School lunch packing is an assembly line job for Mrs. John Campbell, Jr.

The 39-year-old housewife's husband is janitor at Gillespie Community High school. Then there's Thomas, 14; Delores, 13; Richard, 12; Robert, 11; Billy, 10; Jimmie, 7, and Betty Ann, 6, who all carry lunches to school.

The eldest daughter, Mary Jane, 18, is the only one who misses a home-packed lunch. She's a student nurse in Springfield, Ill.

Mr. and Mrs. John Kehl and daughter, Mrs. Freida Buck, were called to Indianapolis, Ind., by the serious illness of their daughter and sister, Mrs. Richard Smith. Mr. Kehl and Mrs. Buck have returned home, while Mrs. Kehl remains with her daughter.

John A. Shadid To Sail Oct. 8 For South America

When John A. Shadid sails for Sao Paulo, Brazil, on Oct. 8, it will be just a few days short of one year since he first applied for permission to reenter that South American country.

Mr. Shadid filed for a reentry permit on Oct. 16, 1947, hoping to be able to make his journey before Christmas. He received his passport on Nov. 17.

Other obstacles appeared, however, and Mr. Shadid spent the next several months filling out various forms and applications. In the meantime the six-months period for which his passport was valid elapsed and he found it necessary to seek a renewal on it.

All details have been cleared away now and Mr. Shadid has made arrangements to leave New York aboard the steam ship Brazil, bound for a reunion with his relatives.

In Sao Paulo, he will visit with his mother, his two sisters and their families, and other relatives. He will remain there until after Christmas.

The trip will take fourteen days. Landing at Santos, which is the largest coffee exporting center in South America, Mr. Shadid will board a train for Sao Paulo, about an hour's distance.

Mr. Shadid last made the trip in 1922, together with his wife and son. They stayed six months, returning in February of 1923.

From where I sit... by Joe Marsh

Nicest Compliment I've Had

One of the nicest comments I've received about this column was from an editor in the Middle West I called on. And while I don't like to give myself orchids, I think it illustrates a point. "Joe," he said, "it so happens I don't agree with everything you say, but I always like to run your column. Because it gets down to earth and talks about the right to disagree. And it only asks for tolerance towards the other person's point of view."

Of illustration, that he never had happened to have a taste for ale or beer. But that when I spoke of the right to enjoy a moderate beverage like beer, well, he was right there with me! And from where I sit, that's the important thing: not whether you share another person's tastes or point of view—but whether you recognize his right to exercise a free choice in a free land.

A plus in any bus!

When you switch to Conoco Nth Motor Oil and an OIL-PLATED engine, you get these triple advantages...

(1) Extra protection from power-clogging sludge and carbon due to wear; (2) extra protection from metal-eating combustion acids; (3) extra protection from destructive "dry" friction starts.

Because Conoco Nth Motor Oil (Patented) fastens an extra film of lubricant so closely to metal surfaces that working parts are actually OIL-PLATED! This extra film stays up on cylinder walls... won't all drain down, even overnight. For plus performance... full-time protection... more miles per quart...

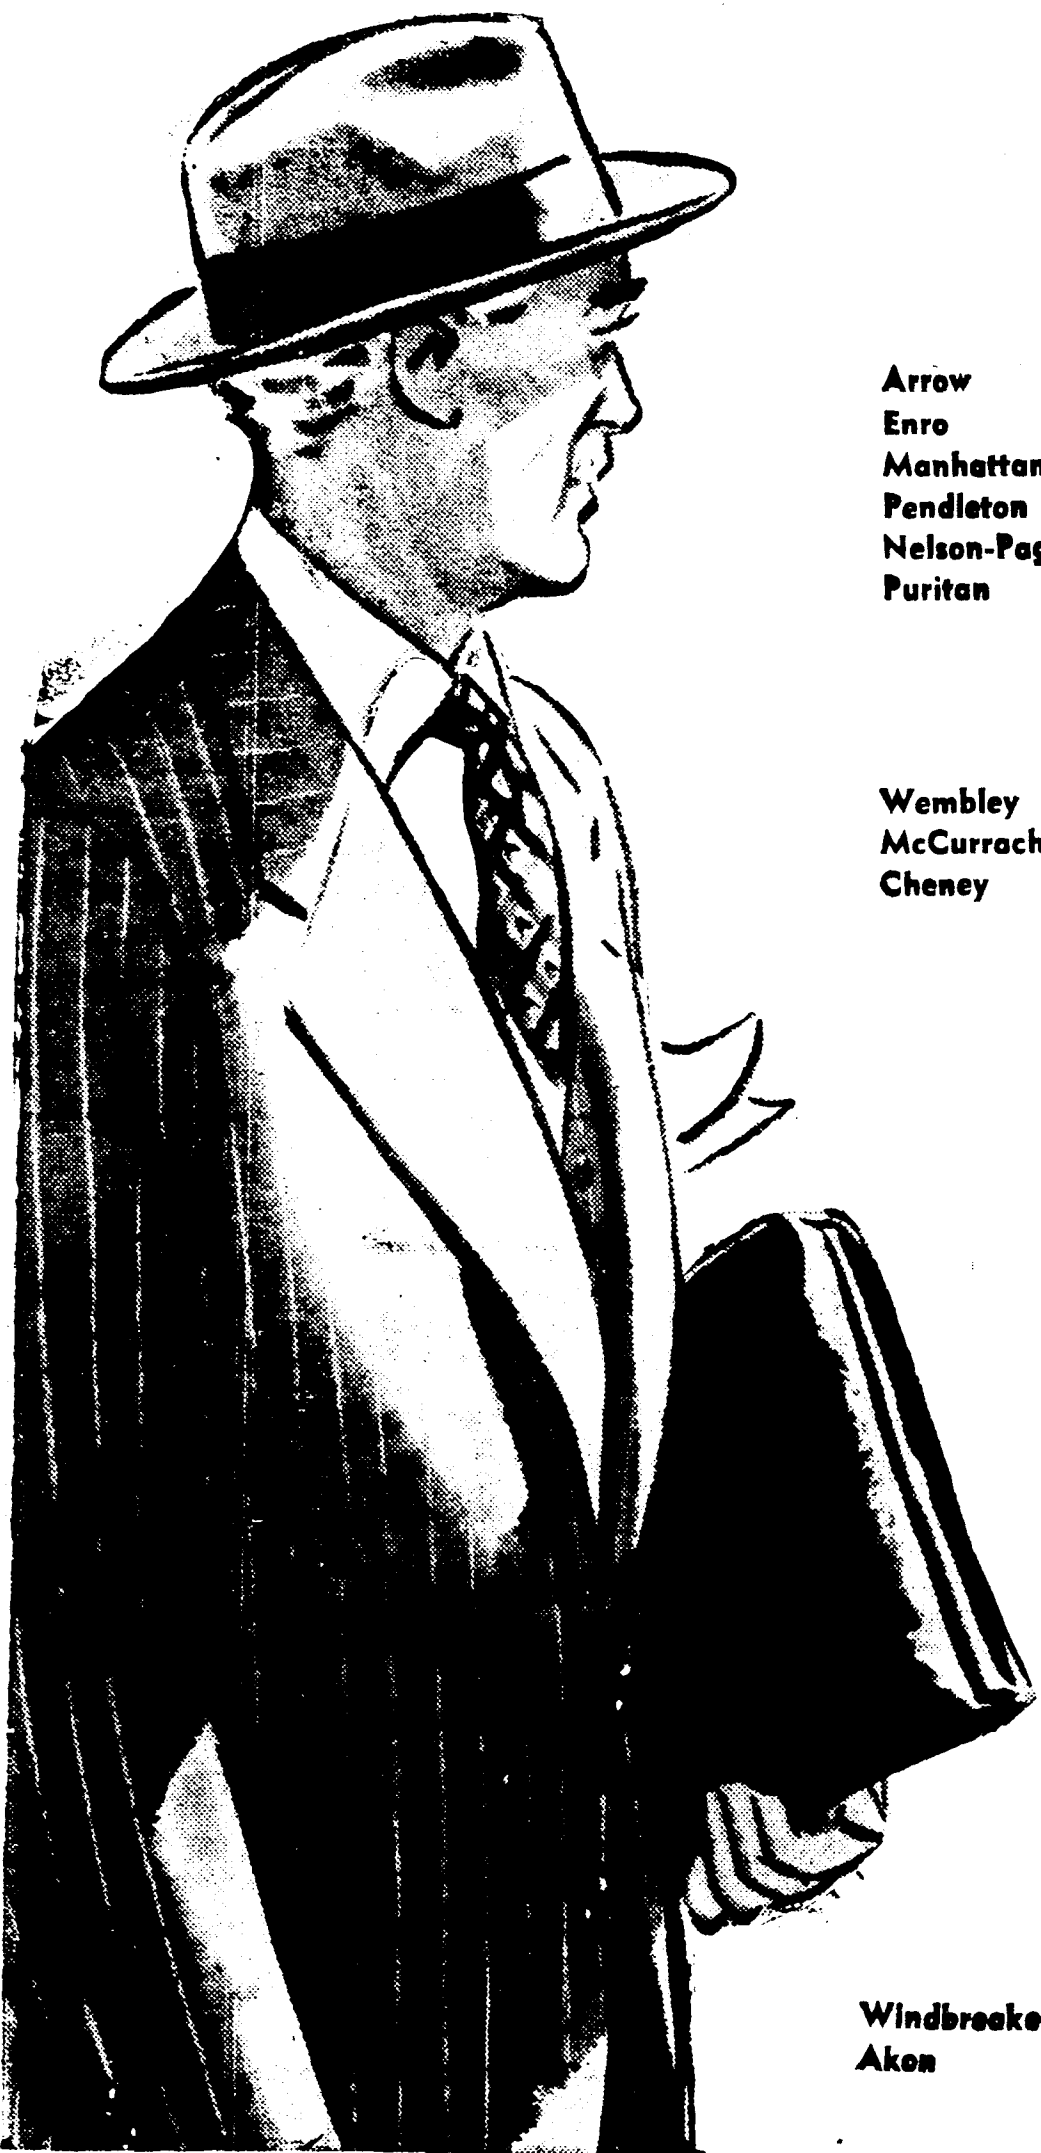

Make a date to OIL-PLATE!

Virginia Ball Teams Plan Fund Raising Activities

Virginia—A meeting was held by members of the Virginia Playgrounds Association and members of Virginia's two softball teams to plan means of raising funds for next year's recreation program. It is hoped enough money can be raised to equip a lighted softball field. Virginia is now the only town in the county without such facilities.

The two teams plan a three game series for Virginia championship to be played on three successive Sunday afternoons at the high school diamond. A collection will be taken at

each of these games to go into the general fund. A paper drive will be held Sunday morning, Sept. 26, for the same purpose. Trucks will start their collection at 8 a.m. They will use the city lot as a collection station.

OLD AGE CATCHES TROUT
Mt. Shasta, Calif.—(P)—It isn't the same around the state fish hatchery. A 24-year-old Mackinaw trout who came from Minnesota as an egg in 1923 has passed on. He was always pointed out to tourists as he got to weigh 15 pounds and was 26 inches long.

He is survived by three other outsize specimens, who also crossed the plains as fish eggs in the early twenties. The average life span of a trout is 3 to 5 years, says the State Division of Fish and Game, which adds that it stopped inviting Mackinaws into the state in 1924, when it found they ate other game fish.

Virginia Kiwanis Club Discusses Building Factory

Virginia—The Kiwanis club held a lengthy discussion concerning the possibilities of raising enough money to erect a factory site in Virginia for the John Shaw Dress Company. Bert Morse, who led the discussion, presented an informal petition on which he had pledged for over half of the amount believed needed to construct such a building.

While the Shaw Company has not definitely decided to come to Virginia, they have indicated they like the employment situation and would be interested if shown they would have suitable floor space. Since there is nothing in Virginia suitable it is the plan of the special Kiwanis committee to have persons interested in the welfare of the community to underwrite the building, forming a corporation, and to rent to the factory on a long-term contract.

Nels Glesne, district forester with the Dept. of Conservation, furnished

the program for the evening. He talked of the work his department is doing in helping farmers control growing timber and the instruction they are offering in planning wind breaks, etc.

He also warned of the danger the local government has with the local city water works park. Steps are not taken at once, it is his contention, with the drift and silting that is taking place at the local park, Virginia will have to reconstruct its reservoir within the next 15 years. His recommendations were to plan for a community forest, through the cooperation of Boy Scouts and other organizations, in planting seedlings to hold the soil from washing into the lake.

Dr. Holden, acted as chairman in the absence of President W. Rich.

New York Stock Market

New York, Sept. 22 (P)—Strength in rails pulled the stock market higher today. Volume was around 800,000 shares.

In quiet trading the railroads turned up by as much as 2 points with oils and steels following along for gains up to a point. The best performers were Santa Fe, Nickel Plate, U. S. Steel, Youngstown Sheet & Tube, Mission Corp., Standard Oil (N.J.), Sinclair Oil, J. C. Penney and Montgomery Ward. Motors as a group were steady as were utilities. Chemicals were mixed. The bond market was quiet.

A Woman's Wiles In Quadruplicate

Vienna (P)—Ways of luring errant husbands back to the family fold are devious. But a peak of female ingenuity was reached in the Carinthian town of Villach, where a woman recently made headlines with a report that she had given birth to quadruplets. Shortly after, this same woman hit headlines again with a report that she had killed all four offspring.
But police terminated their investigation with a smile, when they learned that the "mother" had not only invented the children, but also the story of their murders. She did it to impress and to attract home-wards her estranged husband.
It was not learned whether the husband fell for the ruse.

Cards Beat Braves, Stall Pennant Race

Boston, Sept. 22.—(P)—Those never say die St. Louis Cardinals stymied the pennant aspirations of the Boston Braves at least temporarily today by trouncing the Tribe 8-2 in a 17 hit attack before 10,937 disappointed patrons.

So the pennant party—first in 34 years for the Boston Braves—must be delayed at least until Saturday as the Tribe is idle until then.

The Braves can clinch the flag if they win two games.

Two more victories, added to their present season's record of 86 triumphs and 59 losses, and the Braves would be able to raise the pennant. They have eight games to play.

The victory did move the Cardinals into second place, a half game ahead of the Brooklyn Dodgers, who were beaten, but the game cost them the services of Enos (Country) Slaughter, their speedy classy outfielder.

Slaughter, racing towards second on a hit and run play in the fourth inning, was struck hard on the bridge of the nose by Nippy Jones' liner.

Report Sternists Have Threatened Bunche's Life

By The Associated Press

In Haifa, Israel, a reliable source said today members of the outlawed Stern Gang have made at least indirect threats against the life of Dr. Ralph J. Bunche, who replaced the assassinated Bernadotte as mediator in Palestine.

Another dispatch from Israel said that a second Jewish extremist group, the Irgun Zvai Leumi had turned in its arms to the government and had disbanded.

Snowballing strikes will reach a climax in France Friday with a two-hour nationwide general walk-out called by Communist and non-Communist unions.

The unions called the strike as a warning to Premier Henri Queuille that they want cost-of-living bonuses, wage increases and lower food prices.

The two-hour stoppage also will affect Paris, host to the United Nations.

Meanwhile strikes continued to erupt all over France.

All Presidential Trains Must Stop In Town—It's Law

Temple, Tex., Sept. 22.—(P)—It's a good thing President Truman scheduled a campaign stop here. The town marshal halted one presidential train that was scheduled to pass through without stopping.

It's a law.

The city ordinance goes back to 1904, when Temple residents heard that President Theodore Roosevelt intended to go straight through town without a pause.

The city council, led by the late Mayor Fred Hamill, passed an ordinance requiring all presidential trains to stop at least five minutes.

The city marshal and county sheriff halted Roosevelt's train, climbed aboard and served papers on the engineer.

Mr. Roosevelt made a speech, complimenting the city on its nerve.

The ordinance never has been repealed, but it never has been needed since.

Mr. Truman's presidential special is scheduled to stop here for 15 minutes Sept. 27.

COMIC BOOKS SHOULD STICK TO COMEDY, L. A. BOARD RULES

Los Angeles, Sept. 22.—(P)—Comic books should stick to comedy, the Los Angeles county board of supervisors have decided.

The board adopted an ordinance yesterday banning all so-called comic books which deal with such unfunny subjects as murder, burglary, kidnapping, arson and assault with deadly weapons.

The law sets up a fine of \$500 or six months imprisonment for violators.

games, gained credit for his first victory since April 27 today as the Chicago Cubs beat the New York Giants, 11-7 in the second game of a doubleheader. The Cubs also won the first game, 3-2, behind the three-hit pitching of Bob Rush.

Pittsburgh Whips Dodgers

Brooklyn, Sept. 22.—(P)—Brooklyn teetered on the brink of mathematical elimination from the National league pennant race today as the Dodgers dropped their third straight contest to the Pittsburgh Pirates, 5-1.

The Dodgers now trail the league-leading Boston Braves by 7½ games.

Kraushaar Moves Mills To Quarter As Crimson Drill

Tom Mills had replaced Gene Todd at quarterback and Keith Tucker was filling in at halfback as Coach Bob Kraushaar sent his Jacksonville high school first team through a long scrimmage against the second Wednesday evening.

Andy Petko ran from the fullback spot and Charlie Runkel was back in the line.

First team blocking and tackling looked sharper than in earlier rehearsals this week.

Illinois College Coach Al Miller worked his first stringers on defense Wednesday afternoon as Coach Joe Brooks sent the second team through a series of plays off the T formation with a man in motion. Scott field, I.C.'s Saturday opponent is reported to be using that offense.

Individual instruction on blocking, tackling and line work occupied most of the morning.

Jerry Tuchman has attracted the attention of Illinois School for the Deaf Coach Art Yates and is being mentioned as a possible starter at center against Carrollton Friday night.

The Tigers went through a final hard scrimmage before the opener during their Wednesday afternoon rehearsal.

Yates was running Nunes at center Wednesday. He had Zuziak and Villani at ends, Caristead and Hoffman at tackles, Marsella and Liedberg at guards, Earl and Paul at halfbacks, Yates at quarterback and Kwiat at fullback.

Robots May Prove More Intelligent Than Creators

Pasadena, Calif., Sept. 22.—(P)—Man-made robots which may become more intelligent than their human creators were envisioned today by a professor of psychiatry at the University of Illinois.

Dr. Warren S. McCulloch told the Hixon symposium on cerebral mechanics that already mechanical brains are superior to the human mind, which he described as "no more than a mechanical switchboard."

"The human brain," he explained, "reacts to stimuli of memory in stored experience identically with man-made electrical devices."

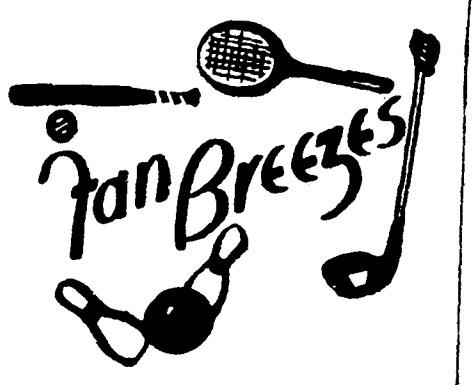

Mechanical minds, the scientist said at the California Institute of Technology, may even outdistance man in such mental fields as psychiatry itself.

TO HONOR BERNADOTTE

Stockholm, Sweden, Sept. 22.—(P)—Sweden prepared today to honor the memory of her Red Cross leader, Count Folke Bernadotte.

The funeral of the assassinated United Nations' Palestine mediator will be held here Sunday.

Jefferson Davis, late president of the confederacy, encouraged the importation of camels into the United States in 1855 when he was secretary of war.

By Charles Bellatti

Dusting off the old crystal ball to come up with these non-momentous prognostications of the week end's grid activity:

QUINCY 34, JACKSONVILLE 7—This one isn't hard. Coach Bob Kraushaar's lads came up with a win last week, but Quincy looks like another Pittsfield. The Blue Devils have Johnson and nine other lettermen from 1947. The Crimson's inexperience will be the big factor.

CARROLLTON 14, I.S.D. 7—We hope Coach Art Yates' westenders fool us. But it looks like the Tigers picked a tough one for their opener. The Hawks rate as an Illinois Valley conference contender after their mild upset of White Hall.

ROODHOUSE 14, WHITE HALL 14—Yes, a tie. The Railroaders will probably be without their all-state fullback, Sam Ballard. And White Hall will come back strong from its licking by Carrollton. It's a tough one to pick, so we'll take a long shot.

JERSEYVILLE 20, WINCHESER 0—We hope that Jerseyville has adequate pass defense as we make this prediction. Their one-sided win over Pleasant Hill two weeks ago indicates scoring strength.

PITTSFIELD 14, LOUISIANA, MO. 0—This is a shot in the dark. We don't even have the score of last week's Pleasant Hill game at Louisiana. But we've seen Pittsfield, and that's enough.

WAVERLY 13, AUBURN 6—That old homecoming spirit is hard to beat, providing the team does its celebrating after the game. Greenfield linked Auburn 25-0 and there seems to be no reason why the Scotties can't turn the trick and chalk up their first victory.

GREENFIELD 13, MARQUETTE OF ALTON 7—They did it last year and we think they'll repeat. Coach Don Lukeich's gang are going to hold a "T" party.

And here's our best opinion of what to expect in a few college contests:

SCOTT FIELD 20, ILLINOIS COLLEGE 6—The army's been doing some recruiting, and there must be some football players in the lot. Depth will be the deciding factor here. Scott Field has 150 out for the team. And they can use their coaches if they need them.

UNIVERSITY OF ILLINOIS 28, KANSAS STATE 0—The score could easily be worse. Kansas State hasn't won a game in its last 28 tries and this is not the time for a change in habit.

NOTRE DAME 21, PURDUE 14—We think we have the point-margin correct, but the score might be a long way off. Although an early-season game, this one may be one of the features of the season.

MICHIGAN 27, MICHIGAN STATE 6—The Wolverines rate as one of the leading threats in the Western Conference. Their home-state rivals will make it tough, but State doesn't have the stuff for an upset.

NAVY 20, CALIFORNIA 14—This is a hard one to pick, or guess. Navy will gain revenge for a 14-7 beating in 1947. Coast football isn't going to be what it has been, but California is still the best in the west.

WISCONSIN 20, INDIANA 13—We'll be surprised if we miss this one. The Badgers will be a title contender in the Big Nine. If you don't believe it, look at the schedule.

And, Army 14, Villanova 0; Georgia 28, Chattanooga 0; Iowa 14, Marquette 0; Kentucky 27, Xavier 7; Ohio State 20, Missouri 6; North-western 14, UCLA 0; Minnesota 14, Washington 7; Wayne U. 14, Southern Illinois 0.

Mrs. Clark Agrees To Lie Detector Test Today

Milwaukee, Sept. 22.—(P)—A lie detector test for Mrs. Eva Clark was postponed until for the 51-year old housekeeper refused to submit to the quiz yesterday afternoon.

Detective Capt. Adolph Kraemer had said Mrs. Clark would take the test at 2 p. m. yesterday as part of a police investigation into the disappearance of Mrs. Cilla LeMay, 54, last June 15.

Mrs. Clark was the LeMay housekeeper. She moved to Newark, N. J. about June 25, when Edmund LeMay, the missing woman's husband, was transferred there to manage the American Hair and Pel Co. plant.

Sheriff George Hanley said LeMay left for New Jersey without reporting the disappearance of his wife. Hanley said he believes Mrs. LeMay met with foul play. LeMay claims he did not report the disappearance because he was ashamed to admit his wife walked out on him.

Kraemer asserted Mrs. Clark had agreed to take the test at 2:30 p. m. today, however, regardless of the advice of her attorney.

WAITED TOO LONG

Portland, Ore., Sept. 22.—(P)—That long wait for the traffic light to turn green got the best of Frank A. Staeger, 31.

When the light changed, Staeger's car didn't move. Other motorists honked horns. Still his car didn't move.

Police found Staeger sound asleep at the wheel.

DOG SAVES NINE PERSONS

St. Louis, Sept. 22.—(P)—Nine persons fled from a burning home today after a mongrel dog, the family pet, clawed its way through a screen door to enter the house and awaken them by barking.

ZALE FIGHT ACTION

Marcel Cerdan bends low under Tony Zale's attack during bitter infighting that marked the first round of their mid-weight title fight in Jersey City, N.J. Cerdan won on a technical knockout when Zale was unable to resume the fight at the start of the 12th round.

Williams Defends Crown Against Jessie Flores

New York, Sept. 22.—(P)—While the tournament of champions counted its meager profits from last night's midweight championship fight, Barrister Sol Strauss of the 19th Century club flexed his earphones today and prepared to strike back at the upstart agency.

Tomorrow night at Yankee Stadium the fans will have a chance to witness their second world title fight within 48 hours when like Williams, the murderous puncher from Tranton, N. J., defends his lightweight crown against Jessie Flores of Stockton, Calif., over the regulation 15 rounds.

Also the customers, fast becoming comotose from such high pugilistic fare, will see the nearly incomparable Sugar Ray Robinson, welter king, stop 10 non-title rounds against Kid Gavilan, the Cuban flash.

"And you may be sure," Strauss thundered, "that no matter what we draw, we won't lose money."

Sol was strongly of the opinion that his rivals dropped a bundle in the Jersey venture, in which Marcel Cerdan, the rugged character from French Morocco, took the 165-pound bauble from Tony Zale on a 12th-round knockout.

Bertelli Quits Chicago Rockets Football Club

Chicago, Sept. 22.—(P)—Angelo Bertelli, Chicago Rockets' quarterback and Notre Dame's great forward passer of the early 1940's, announced today he is quitting football permanently.

A spokesman for the Rockets of the All America conference said Bertelli had decided to give up the game because of a knee injury.

The injury, suffered in an exhibition game before the start of the 1947 season, kept Bertelli on the bench all last year and hampered his efforts in the first four games of the Rockets' 1948 campaign.

Bertelli was the passing star of Notre Dame's 1942 and 1943 seasons. He saw service with the marines in World War II and played with the Los Angeles Dons of the All American league in 1946.

Bertelli now will devote his full time to running his sporting goods store in Springfield, Mass.

Husband, 37, Will Die In Chair For Killing Bride, 12

Greenville, Ky., Sept. 22.—(P)—A Muhlenberg circuit court jury last night convicted Raymond Ellison, 37, on a murder charge in the death of his 12-year-old bride last March and fixed his punishment at death in the electric chair.

The jury reached its verdict after 20 minutes' deliberation.

Ellison did not take the stand, but had maintained that he was innocent. He said his young bride, Mrs. Imogene Sims Ellison, disappeared last March 27 while on an errand to a grocery near their home at Ennis, Ky.

Razorbacks' Edge

Clyde Smackover Scott can do just about anything. Last year the University of Arkansas All-America kicked only twice but averaged 47.5 yards per try. A speedy triple-threat, Scott showed the world he can also scamper on the cinders. This summer he placed second in the 110-meter hurdles in the London Olympic Games, holds the school javelin record. Scott makes the Razorbacks' fall.

Flip Of Coin To Fix AL Playoff Set, If Needed

Chicago, Sept. 22.—(P)—A coin will be flipped seven times Friday at the American League office to determine a playoff program if the Boston Red Sox, Cleveland Indians or New York Yankees wind up the torrid loop race in a two-way or triple deadlock.

League President Will Harridge announced that regardless of the pairings and sites, a first playoff game would be played Monday, Oct. 4, and a second, if necessary, Tuesday, Oct. 5. The World Series is booked to start October 6.

In event of a two-team deadlock when the regular season ends Sunday, Oct. 3, a coin will be tossed three times for the playoff site, involving Boston vs. New York, Boston vs. Cleveland and Cleveland vs. New York.

In case a three-way tie develops, a coin will be tossed simultaneously in behalf of the three clubs. Teams with the two matching coins will face in the first playoff game with the odd-coin team standing by to face the winner.

Then the coin will be tossed between the first game rivals to determine the contest's site. The standing-by club follows by tossing a coin with each of the first-game opponents for the site of the final playoff game.

Illini Lineup Uncertain

Champaign, Ill., Sept. 22.—(P)—Illinois' starting football lineup was still up in the air today with only four men apparently certain to get starting assignments in the Wildcat encounter.

The sure starters are Paul Patterson and Murry Laizer, halfbacks; Lou Levanti, center, and Capt. Herb Siegert, right guard.

Two others who will start if Illinois kicks off are Don Macghele, an end who is also the Illinois' kicking specialist, and Paul Douglas, sophomore quarterback from St. Louis.

Wildcats Set For UCLA

Evanston, Ill., Sept. 22.—(P)—After final tapering off exercises today Northwestern University's football squad, 38 strong, prepared to leave by plane tomorrow for its opening game against UCLA at Los Angeles Saturday.

The Wildcats, who edged out UCLA, 27 to 26, in Evanston a year ago, are the same group which gave Notre Dame a battle before losing, 26 to 19, and upset Illinois, 28 to 13, in its last two games.

Three weeks of practice have been sufficient to indicate Northwestern will open the current campaign with an all-Ietterman starting line-up.

Wisconsin Works on Defense

Madison, Wis., Sept. 22.—(P)—The University of Wisconsin football squad continued work on pass defense today in preparation for Saturday's opener here with Indiana.

All members of the squad were in uniform as the Badgers also reviewed offense and defense assignments.

Wolverines Scrimmage

Ann Arbor, Mich., Sept. 22.—(P)—Michigan's Wolverines turned both barrels loose on reserves in scrimmage today, battering the red-shirted defensive unit with a smooth running attack and connecting time after time with passing plays.

Sophomore halfback Leo Kocinski of Canonsburg, Pa., was the running star for the varsity "blues" while Gene Derricotte, Defiance, Ohio, veteran, threw most of the passes as Michigan tuned up for its opening game with Michigan State Saturday.

Hawks Step Up Drills

Iowa City, Iowa, Sept. 22.—(P)—Cool weather—or the approaching opener with Marquette—gave the Iowa football squad a previously unseen game-style snap in their drill today.

The Hawks whipped through play-polishing exercises with a zip they lacked when temperatures were high.

Eddie Anderson split the session about evenly between pass defense and work on plays.

Leahy Calls Off Scrimmage

South Bend, Ind., Sept. 22.—(P)—Coach Frank Leahy of Notre Dame put the emphasis on pass defense today and called off scrimmages for the rest of the week to avoid further injuries.

Right halfback Emil Sitko returned to practice today after being out five days with a leg injury.

Left halfback remained the big question mark, with Ernie Zaleski almost certainly lost for the Purdue game Saturday and Terry Brennan's knee still not entirely well.

Coy McGee and sophomore Bill Gay were being groomed for the spot.

Purdue In Dummy Scrimmage

Lafayette, Ind., Sept. 22.—(P)—The Purdue Boilermakers reviewed offensive and defensive tactics in a long dummy scrimmage today.

The offensive emphasis was on passing, with Bob Demoss, Kenny Gorgal and Bob Hartman throwing. Linemen worked on blocking assignments against the style of defense expected from Notre Dame Saturday.

Carrollton Ready For ISD Invasion On Friday Night

Carrollton.—(Special)—Full of pep after their upset victory over White Hall last week end, Coach Clarence "Buzzy" Bradley's Carrollton Hawks stand ready to do battle against the Illinois School for the Deaf Tigers here Friday night at 8 p.m. (CST).

The Hawks surprised the Illinois Valley conference in the opener at White Hall. They hope to surprise Art Yates' invaders in the same manner.

Carrollton will shove a line of fair size at I.S.D.'s small forward wall. And the Hawks have a large backfield with some speed to boot.

Coach Bradley probably won't make any changes in his starting lineup. That means he'll show the following: Dale Staples and Bill Boe, ends; Jim Ridings and Bob Skaggs, tackles; Wayne Scroggins and Bob Hamel, guards; Darrell Ballard, center; Bob Linn, quarterback.

Linn, Scroggins, Ballard, Dale Staples and Boe were regulars in 1947.

State Polio Cases Continue To Rise

Springfield, Ill., Sept. 22.—(P)—A 1948 high of 59 new infantile paralysis cases was reported last week in Illinois, the State Health department said today.

Polio cases from Jan. 1 through last Saturday reached a total of 806 as against 513 in the corresponding 1947 period. Two-thirds of the cases this year were in downstate counties. The polio season usually reaches its height in the first half of September.

Indians Down Bosox; Tie For League Lead

Cleveland, Sept. 22.—(P)—The Cleveland Indians tied Boston for the American League lead tonight, defeating the Red Sox, 5-2. Bob Feller limited the Red Sox to three hits for his fifth straight victory and 17th of the season.

Feller simply was superb. His curve ball was breaking sharply and his fast one simply exploded. In many ways, it was the strikeout king's best pitched game of the season, considering the opposition and the importance of the game.

Only six Red Sox reached base against him, two on walks, and one on an error. He fanned six, all coming in the first five innings. In all, he threw 104 pitches, a comparatively low total.

Yanks Whip Sox

Chicago, Sept. 22.—(P)—New York's opportunistic Yankees, behind lefty Tommy Byrne's slick six-hit pitching, tonight whipped the last-place Chicago White Sox, 7-2, to trail the freshly-deadlocked American League leaders, Cleveland and Boston, by a scant half game.

The Yankees' 16th win of the season from the lowly pale hose against five defeats came about an hour after the Indians overhauled the Red Sox in the blistering pennant race with a 5-2 win over Boston at Cleveland.

Nats Win Over Browns

St. Louis, Sept. 22.—(P)—Sherry Robertson walked in the top of the 10th to force in the winning run and give the Washington Senators a 5 to 4 victory over the St. Louis Browns tonight. Just 1,641 persons paid to watch the game. Cliff Fannin retired 22 straight men before Jake Early walked in the 10th.

Detroit Beats Athletics

Detroit, Sept. 22.—(P)—Hal Newhouser hurled his way into a select bracket today, pitching his 150th American League victory as the Detroit Tigers beat the Philadelphia Athletics 5 to 1.

Only one active pitcher in the league—Bob Feller—has won more games than Newhouser, now in his 10th year with the Tigers and needing one more win to become a 20-game winner for the fourth season.

Roodhouse And White Hall Meet Twice This Season

White Hall.—(Special)—Friday's game between White Hall and Roodhouse will be the first of two between the clubs this season. 1948 will be the first year in which the ancient rivals have played twice. Their Armistice Day Ivy conference meeting is traditional.

A crucial Illinois Valley conference game will be played on the first week end of league activity. Roodhouse opens at Pittsfield Friday night, October 1, and the tilt will establish either the Indians or the Saukees as ranking title contenders. The two outfits battled in the mud at Roodhouse last year and the hosts scored late in the final quarter to take a 6-0 victory.

Gene Crumley, fast hard-driving back for Coach Bob Wixson at Rushville this year played for Winchester high school in 1946. That was his sophomore year. He moved to a farm near Rushville the next spring.

Roodhouse was wearing new grid suits in last week end's game against Waverly. White Hall will don new jerseys and pants at Winchester next week.

Says Progressives Can Name Choice Despite Ban

East St. Louis, Ill., Sept. 22.—(P)—A Progressive (Wallace) party candidate says there is a way for Progressives to make known their choice in the Nov. 2 general election despite the recent action barring the party from the Illinois ballot.

Curtis D. MacDougall, the Progressive candidate for senator, told about 250 persons who paid \$1 each to attend the political meeting:

"I can't reveal at this time how you'll be able to make your preference known on Nov. 2, but let me tell you there is a way to do it. There are more ways than one of skinning a political cat."

Main speaker on the program was Sen. Glen H. Taylor of Idaho, the party's candidate for vice president. He appeared about two hours later than scheduled after visiting a CIO picket line at the American Zinc Company plant in nearby Fairmount City.

"Russia lost 20,000,000 people in the past war," Taylor said. "They should want peace. I can't go along with all this talk of war with Russia. All this talk of Russian expansion doesn't hold water."

Virginia Nine Wins At Ashland

Virginia.—Coach McVey's Virginia high school nine captured their third win of the baseball season by defeating Ashland, 14 to 5, Tuesday afternoon at the Ashland diamond. This is the second time Virginia has defeated Ashland.

Virginia collected eight hits off Woods, the losing pitcher, while Rogers gave up four hits and Skiles, relief pitcher, gave up 2. Rogers received credit for the win. Rogers struck out 11 and Skiles 1.

The locals met Ashland here the 24th for the second time this season, then step into new territory by scheduling Routt of Jacksonville there for the 28th. They play Bath Oct. 5 here and Chandlerville there Oct. 7 to close the season.

Notre Dame, Illini, Badgers Favored To Win Saturday

By Jerry Leska

Chicago, Sept. 22.—(P)—First flush of autumnal badness in picking the winners of the midwest's opening football games Saturday:

Notre Dame 20, Purdue 13—The Irish played mostly last season just enough to win. This year, without Johnny Lujack, George Connor and Ziggy Czarowski, they'll have to go all stops out on several sorties to cop. The Boilermakers look like Frank Leahy's biggest headache, but we like the luck of the Irish. And it's tough to vote for experimental Notre Dame quarterbacking over Purdue's Bob De Moss.

Wisconsin 24 Indiana 12—New Hoosier coach Clyde Smith may fool us, but we think big nine grid bawling will surprise him more. Last year these two clubs played a 7-7 tie but the current Badgers are sniffing roses (Pasadena variety) and have a favoring schedule and solid enough personnel to be a front runner.

Northwestern 30, UCLA 20—The Uclans have the advantage of a one game start, a 48-26 romp over Washington State, but they'll be colliding with the Big Nine's choicest conference dark horse in the Wildcats. It remains to be seen whether Coach Bob Voigts has the depth to keep punching holes for a corking backfield composed of Don Burson, Frank Aschenbrenner, Art Murakowski and Tom Worthington. But this is a better Northwestern team than last year's UCLA last year, 26-26.

Michigan 28, Michigan State 14—This should be a good scrap for the first half. But Wolverine reserves will tell the

XXIX
HE bent over her with mingled thankfulness and anxiety, and her troubled face relaxed. She stirred a little, and settled more comfortably into the pillow. Very cautiously he straightened the covers and drew them over her. Then he retreated to a rather uncomfortable-looking chair by the window, rested his crossed feet on the bureau, and took up his vigil.

He had found her, and she was safe, but what came next? An alarming sense of his own helplessness was growing on him tonight. Whatever happened, he could only stand by and watch. But from now on, he dared not let her out of his sight. Suppose he lost her. It came as rather a shock to him that he had not, apparently, developed any sort of second sight which would guide him to her again, across the world. If once he lost touch with her, or at least with the family, it might be years before he saw her again centuries.

But she needed him. He was so sure of that. She belonged to him. It was his job to look after her. But how?

Someone was ringing the night bell, and banging on the street door. There was a stir downstairs. Sabrina slept through it, smiling.

Arrival of distraught family, thought Hilary. Let her have her sleep out, why can't you? Go to bed and shut up till morning.

There was a tapping on Sabrina's door, and she sat up, startled.

"It's all right," he said gently. "Who's there?" called Sabrina tremulously.

"It's me, dear—Aunt Effie. Open the door."

"You might as well let her get it over," Hilary advised, preparing to surrender his chair.

Sabrina turned a faintly hopeful face towards her aunt. "Do you mean that, Auntie?" "Of course I do! If I'd any idea you felt as strongly as all this about not going—well, we just won't say anything more about it, shall we! No more school—no more running away!" "That's not good enough, Sabrina," Hilary warned her. "Make her promise you won't have to leave Nuns Farthing."

But Sabrina, heavy with exhaustion, and being naturally a trustful soul, saw only that her lifelong dread of school could be forever dispelled.

"I promise," she said. "And I promise!" said Aunt Effie brightly. "Now, your father and I have taken rooms here for the rest of the night and we'll all drive home together in the morning. There are two lovely beds in my room. Sabrina, wouldn't you like to come in there and be cozy?"

"No, thank you, Aunt Effie. I've unpacked here."

"Well, remember, now, you've promised."

"Yes, Auntie. Good night."

"Good night, dear. Shall I put out the light?"

"Yes, please."

Aunt Effie kissed her affectionately, and snapped out the light, and went away. Sabrina got up to lock the door behind her, and crawled back into bed and pulled the covers well up over her head.

Hilary restored his feet to the bureau and settled back to think. He knew as well as anything that Aunt Effie's crafty bargain still left the way open for her to take Sabrina away from Nuns Farthing as soon as she chose, and he was sure that she would lose no time about it now, unless—

He contemplated the only answer in the world. If Aunt Effie could somehow be convinced that he was no longer in the house—

But merely for him to keep still and not upset Bella was not enough. If he could somehow exorcise himself publicly from Nuns Farthing, Sabrina might be allowed to stay on there in peace.

Soybean Yields Under Pre-Harvest Figures

Th first day of fall found farming operations of this area considerably ahead of schedule. Crops have ripened early, a considerable soybean acreage is already in the bin and most of the seedbeds for the winter wheat crop are in excellent condition.

As soon as the weather clears the farmers will be putting in long, hard licks getting in the soybeans and corn.

Yields of soybeans harvested thus far are slightly below earlier estimates. The brown stem rot, which was first observed in 1944, evidently hurt the crop considerably.

J. C. Hackelman, University of Illinois crops specialist, returned recently from attending the American Soybean Institute meeting held at Memphis, Tenn. He observed that most fields in Tennessee, Kentucky and Illinois showed signs of stem rot and that it would considerably reduce yields in those areas.
